MEMORANDUM MINUTES OF THE PROCEEDINGS
OF THE COMMISSION OF FINE ARTS
WASHINGTON, D. C.
15 December 1959

The Commission met, pursuant to notice, at 3:00 p.m., with David E. Finley, Chairman, presiding.

Present were:

David E. Finley, Chairman
Ralph W. Walker
Michael Rapuano
Peter Hurd
Felix W. deWeldon
William G. Perry
L. R. Wilson, Secretary
Susan E. Bennett, Adm. Asst.
Gilbert Halasz, Stenotypist

I. ADMINISTRATION:

1. The date of the next meeting was confirmed for the afternoon of 19 January and the morning of 20 January 1960.

2. The minutes of the November meeting were distributed to the members for approval or correction at the next meeting.

3. Budget Estimates for 1961: The Secretary informed the members that hearings for the 1961 budget will begin in January 1960. \$69,000 is being requested in which funds for two additional positions for the Commission of Fine Arts and staff are included.

4. The Chairman read to the members the draft of a resolution recommending amendment of the 1956 Highway Act, to relieve the Nation's Capital from compliance with them. After some discussion, the members voted to approve the resolution, to be sent to the Secretary of Commerce, after some minor revisions in wording were made. EXHIBIT A

II. SUBMISSIONS:

1. Government of the District of Columbia
 - a. Department of Licenses and Inspections
 - (1) Building Applications Submitted Under the Old Georgetown Act Since 17 November 1959

The Secretary reported the actions taken on the Old Georgetown Act Applications forwarded for review by the D.C. Department of Licenses and Inspections since 17 November 1959. This report was dated 15 December 1959 and comprised Appendix 2 of the order of business. After discussion, action as noted in Appendix 2 was taken by the members on the following cases, which had been held for their review:

Old Georgetown 2498 - 3325 "O" Street, N.W., Remodelling
Residence
O.G. 2505 - 3308 Reservoir Road, Remodelling Residence
O.G. 2507 - 2919 Olive Street, N.W.

The actions as shown on Appendix 2 were confirmed by the members of the Commission. The Secretary was directed to include actions for the above cases and to forward a copy of Appendix 2 officially to the Secretary of the District Commissioners for record. EXHIBIT B

(2) Other matters relating to Georgetown were discussed as follows:

(a) Old Beall Express Building at 1522 Wisconsin Ave.
The Secretary informed the members that this Federal Period building, which had been condemned and scheduled for demolition, had been purchased by a new owner who planned to remodel it. Application for a building permit had not yet been received and no details of the design were known.

(b) The Proposed Georgetown Inn
The members discussed sketches of the proposed "Georgetown Inn" on Wisconsin Avenue. They were generally in favor of the plans for this new hotel, but considered that the peaked dormers gave a sharp and restless appearance, which might be reduced by having roofs alternately flattened. The use of stone on the street floor was also questioned. The Secretary was requested to make an appointment with the architect for the following day for further discussion.

(3) Building Applications Submitted Under the Shipstead-Luce Act Since 17 November 1959

The Secretary reported the actions taken by the Shipstead-Luce Panel on Shipstead-Luce Act Applications forwarded for review by the D.C. Department of Licenses and Applications since 17 November 1959. This report was dated 15 December 1959 and comprised Appendix 1 of the order of business. After discussion, action as noted in Appendix 1 was taken by the members on the following cases which had been held for their review:

S.L. 2222 - 2607 Military Road, N.W. - St. John's
College Gymnasium
S.L. 2234 - 934 D. Street, N.W. - Sign facing
Pennsylvania Avenue
S.L. 2236 - 300 17th Street, N.W. - Floodlighting
DAR Continental Building
S.L. 2237 - New West Wing, National Academy of
Sciences - 2101 Constitution Avenue, N.W.

S.L. 2238 - New Residence, 8157 East Beach Drive, N.W.

The actions shown on Appendix 1 were confirmed by the members of the Commission. The Secretary was directed to include actions on the above cases and to forward a copy of Appendix 2 officially to the Secretary of the District Commissioners for record. EXHIBIT C

(4) Other matters relating to the Shipstead--Luce Area were discussed as follows:

(a) Preliminary Shipstead--Luce Application, Proposed Remodelling of Buildings at 813-15 Market Space, N.W. for Enterprise Federal Savings and Loan Association

The Secretary presented sketches prepared by the architects, Thomas Locraft and Associates, who had requested the D.C. Permit Office to get a preliminary opinion of their proposed design. The principle feature of the design involved the use of a large glass mosaic map of Washington and a stainless-steel sign, together with the facing of the taller part of the building with squares of terra cotta. The Commission considered the proposal inappropriate in form and materials, and not within the standards which it has been recommending over the past twenty-eight years for the Shipstead--Luce Area. The Secretary was instructed to prepare a letter, for the signature of the Chairman, conveying these opinions to the D.C. Department of Licenses and Inspections, and recommending a design more fitting in form and materials. EXHIBIT D

(b) Hickory House Restaurant - 821 Market Space, N.W.-Sign

The Secretary informed the members that the applicant had appealed the Commission's disapproval of his proposed sign (S.L. 2132, 28 Nov 58) to the Senate District Committee. A staff member of the Senate District Committee had called for information about the Commission's views. Disposition of the appeal was not yet known.

(c) Albert Dance Studio - 502 13th St., N.W. - Sign

The Secretary reported that the owner of the Albert Dance Studio (S.L. 2178) had appealed the Commission's disapproval of his proposed sign and that the hearing officer for the Board of Appeals had called to question the validity of the Shipstead-Luce Act to cover the case. The board had not as yet reached a decision on the case.

(d) Adams House Apartment Building, 1839 Summit Place, N.W.

The Secretary informed the members that the applicant had appealed the Commission's disapproval of his design (S.L. 2197, 29 Jul 59) and had requested that it be set aside and a permit issued. No action on his request had yet been taken.

2. American Battle Monuments Commission

American Military Cemetery Memorial, Honolulu, Hawaii
Approval of Mr. and Mrs. Richard Lahey as Artists

The Secretary read a letter from General North, Secretary of the American Battle Monuments Commission, proposing to employ as designers of the campaign maps for the memorial building in the American Military Cemetery, Honolulu, Hawaii, Mr. and Mrs. Richard Lahey of the Corcoran Art Gallery Art School. The Commission voted to approve the selection of Mr. and Mrs. Lahey for this project. The Secretary was instructed to prepare a letter for the Chairman's signature, informing the American Battle Monuments Commission of this action.

EXHIBIT E

3. National Capital Planning Commission, Land Acquisition

a. Petworth School Playground

The members of the Commission ratified the prior approval by the Chairman of this land acquisition.

b. George Washington Memorial Parkway, Glen Echo Subdivision

The members of the Commission ratified prior approval by the Chairman of this land acquisition.

4. General Services Administration, Public Buildings Service

Labor Department Building, 6th and C Streets, N.W., Penthouse for

The Secretary presented revised plans for the penthouse atop the Labor Department Building at 6th and C Streets, N.W. The members of the Commission found the designs still unsatisfactory and agreed that they would ask the designers to seek a solution that would provide an unbroken roofline with the existing building, and one that would give a quiet silhouette from all the surrounding streets. Further action was withheld until formal presentation was made on the following day.

5. National Institute of Health, Bethesda, Md., National Library of Medicine, Selection of Artists for

Action on this item had been postponed at the November meeting. Mr. Hurd stated that he still could not make a report on this request for advice and give a fair appraisal of the artists without pictures of each artist's work in addition to the biographical data. The Secretary was requested to ask the Public Buildings Service to furnish such data.

6. D.C. Department of Highways and Traffic

a. West leg of the Inner Loop

Mr. Rapuano reported on a conference he had with Mr. Aitken, D.C. Director of Highways and Traffic earlier in the afternoon, when two suggestions were discussed which would eliminate the triple deck interchanges and keep the structures of the Inner Loop interchange below the level of the Whitehurst Freeway at K Street. No decisions were reached, but Mr. Aitken was desirous of restudying the drawings and said he would bring them to the meeting of the Commission on the following day.

b. Theodore Roosevelt Bridge - Sculpture

The members of the Commission studied designs for four sculptural plaques by Laura G. Fraser, symbolizing the Leadership, Power, Courage and Foresight of Theodore Roosevelt. The plaques considered of heroic size figures which were to be carved in high relief and placed in walls of the stone abutments at the District end of the Theodore Roosevelt Bridge. The members felt that the designs were satisfactory, but that they might be placed higher on the walls. Final action was withheld for discussion with the bridge designers on the following day.

c. Theodore Roosevelt Bridge, Lighting Standards

The members discussed the possibility of using lighting similar to that recently installed on the railings of the Mannahawkin Bridge in New Jersey. It was suggested that, if possible, one or more members of the Commission accept an invitation of the D.C. Highway Commissioner to inspect the lighting on this bridge. It was agreed that they would not consent to the use of standard highway lighting for this bridge. Further action was withheld until the meeting with the D.C. Highway representatives on the following day.

7. D.C. Department of Buildings and Grounds

Incinerator No. 4 at Ft Totten Drive and Hawaii Ave., N.E.

The Secretary presented a colored perspective rendering of this proposed structure for the members consideration. The general impression was that the masses of the building and the parts of the facade were rather disordered and needed to have the number of planes reduced; also that the effect of the two high stacks might be reduced by connecting their bases by a wall. No action was taken, since Mr. Purcell, Liaison Officer, D.C. Department of Buildings and Grounds was scheduled to make a formal presentation on the following day.

8. National Cultural Center

The Chairman gave the members a brief report of the progress being made on plans for the proposed Cultural Center. The preliminary designs have now been made public and the Board is now engaged in formulating plans to raise the estimated \$60,000,000 required for the building. The members of the Commission regreted the fact that the proposed complex of highways in the vicinity of the Cultural Center will make pedestrian access practically impossible, and urged again that an effort be made to come to some solution of the highway problem in this area which will not impinge on the park lands, the Lincoln Memorial and the proposed Cultural Center.

The meeting recessed at 5:20 p.m. to reconvene the next morning, 16 December at 9:15 a.m.

Respectfully submitted,

L.R. Wilson
Secretary

MEETING OF THE COMMISSION OF FINE ARTS
15 December 1959
3:00 P. M.

ORDER OF BUSINESS

20 December 1937

Dear Mr. Green:

At its meeting on December 15, the Commission of Fine Arts considered the sketch, which you submitted, for preliminary review, of remodelling of 813 Market Space, N. W. for the use of the Enterprise Federal Savings and Loan Association. The watercolor sketch was the work of the architects, Thomas Locraft and Associates, who requested a preliminary opinion of their proposed design.

The principle feature of the design involved a large mosaic map and sign, together with a tall wall faced with squares of terra cotta. The Commission considered the proposal inappropriate in form and materials, and not within the standards which it has been recommending over the past twenty-eight years for the Shipstead-Luce Area.

Please convey our opinion to the architects with the recommendation that a design that is more usual in form and materials be sought. We will be glad to review any further designs the architect wishes to submit.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley
Chairman

Mr. Julian P. Green
Department of Licenses
and Inspections
100 District Building
Washington 4, D. C.

22 December 1959

Dear General North:

The Commission of Fine Arts, at its meeting on December 15, 1959, considered your letter of December 9, 1959 recommending Mr. and Mrs. Richard Lahey as the designers for the caps to be installed in the memorial now being built at Honolulu, Hawaii.

The members of the Commission approved the choice of Mr. and Mrs. Lahey for this work and will look forward to seeing sketches for this work as soon as they are ready. If the preliminary sketches are ready by January 19, I will be glad to have them reserved for their presentation at the next meeting of the Commission.

For the Commission of Fine Arts:

Sincerely yours,

David C. Finley
Chairman

Major General Thomas North
Secretary
American Battle Monuments Commission
Washington 25, D. C.
